**DETAILED ACTION**

***Claim Objections***

1. Claims 6-7 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend from another multiple dependent claim. See MPEP § 608.01(n). Accordingly, the claims 6-7 not been further treated on the merits.

***Allowable Subject Matter***

2. Claims 1-5 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter: prior art fails to fairly suggest a display unit for vehicles, characterized in that the display unit is provided with a display, a member, and a driving means for moving the member selectively between a first speed employed at a normal time and a second speed higher than the first speed as claimed.

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Bignolles et al (US 6,813,086) teaches an adjustable combiner for vehicles; and Kuwayama et al (US 6,504,518) teaches a moveable combiner.

5. This application is in condition for allowance except for the following formal matters:

Claims 6-7 are objected as being improper multiple dependent claims. See MPEP 608.01(N).

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
